BAR & MOTEL

## A LIL' BIT ABOUT YOUR HOSTS

We are Justin and Eliza, Southern Vermont natives with a love for the hospitality business. In February 2017 — and more by chance than you'd think — we bought this motel.

Since December 2014, we've been busy operating the lively inn, cocktail bar and restaurant in the charming yellow Victorian across the street. We have been busy scrubbing toilets, making beds, mixing drinks, serving tables and learning how to fix things daily. We spend most of our time here and we are just a phone call/text away should you ever need anything.

On a quiet and blistery morning in February 2017, while sipping espresso across the street at Homestyle, we noticed a crew putting up signs that read "REAL ESTATE AUCTION" at the All Season's Motel. Despite working/living across the street for two years, we'd never set foot inside. Our curiosity was undeniably piqued. We crossed Main Street to take ourselves on an unguided tour of the motel. It was an intimidating endeavor. The motel was run down, stinky, outdated, and somber. Walking around, we joked that we'd check out the auction, and bid up to the amount we were willing to pay for the parking lot.

For the love of parking, and in the spirit of fun, Justin didn't hesitate to raise his paddle to start the bidding war. When Justin's paddle went up, with the exception of the heckling auctioneer, there were crickets. The fun bidding war we anticipated never happened. Finally, along with our blood pressures, another paddle was raised. The auctioneer poked and prodded, figuring at least one of us was either competitive or crazy. He went nose to nose with Justin, and yelled, "I have a car that's worth more than your bid!"

Justin laughed, raised his paddle faster than anyone could slap it down, and that was that. We were the proud owners of our dream parking lot, along with a 13-room motel!

We spent one year renovating this 200 year old building back into a quintessential Vermont motel with a modern twist and a killer bar. While everything in your room is brand new, please keep in mind that this is a historic building and there are a few things, like creaky stairs and hallways, that are still here to lend to your total Vermont experience.

**THANKS FOR STAYING WITH US,  
WE'RE SO HAPPY YOU'RE HERE!**

# ADVENTURE

## LOCAL VERMONT GEMS

The sleepy town of Ludlow has a shocking amount of amazing activities within its mountains and lakes. The following categories of information can be supplemented by visiting [www.yourplaceinvermont.com](http://www.yourplaceinvermont.com). This website is packed full of great information, and can guide you through Ludlow and its neighboring towns. Below we have provided our personal favorites, but there are many other options online. Enjoy all that Vermont has to offer while you're here (or just enjoy a few things and come back next weekend)!

### **Jackson Gore Music Series**

Another one of our summer staples is the music series held on Friday evenings at Jackson Gore in the courtyard behind the hotel. After grabbing some local food at the Farmers Market, head up to the hotel for wonderful music in the hills for a gorgeous family fun experience. And, it's free!

### **Adventure Zone**

Also located behind the Jackson Gore Resort, Okemo's Adventure Zone offers a variety of activities for everyone. It has everything from mini golf, segway tours, and disc golf course to a mountain coaster, air bag/bungee jump, and ropes course.

### **Fox Run Golf Club / Nordic Center**

Fox Run Golf Club is one of the top rated golf courses in the state and is open to the public. The course offers scenic views of the mountain as well as surrounding forests. Play a round of 9 or 18, or 27 for that fact. There is also a family fore course out behind the driving range you can sign up for. During the winter months, Fox Run Golf Course becomes Okemo Mountain Nordic Center. They have snowshoe and cross country trails as well as a rental shop on site. No dogs allowed and passes must be purchased prior to use.

### **Weston Playhouse (17 min drive)**

Another venue outside of the main locale, Weston Playhouse is another option on the to/from route. The Weston Playhouse Theater Company is a historic landmark located in Weston, VT that has provided an amazing lineup of shows throughout the summers for years, spanning several decades. There are always several shows each summer season and productions have included everything from Oklahoma! to The Full Monty to The King and I and Of Mice and Men.

### **Calvin Coolidge Homestead, Plymouth (20 min drive)**

Technically located in Plymouth, VT, the Calvin Coolidge Homestead is an awesome detour on the way to and from Woodstock and/or Quechee. This is the heritage site of the nation's 30th president, and provides a unique educational experience while enjoying the rural New England visage; this is even where Coolidge himself was actually sworn in as President. Buildings include the cheese shop (Plymouth Cheese!), general store, and his birthplace farmstead.

### **Fletcher Farm**

If you know ahead of time when you'll be visiting Ludlow, see if you can sign up for any of the classes offered at Fletcher Farm. This historic site has been part of the educational and agricultural history of Vermont for years and the classes they offer include everything from painting and drawing to jewelry making and metalworking.

### **Fletcher Memorial Library**

## **FISH**

Lake Pauline, Lake Rescue and Echo Lake are home to Rainbow, Brook, and Lake Trout, Perch, Bass, and Pickerel. Lake Pauline is a lovely spot to fish. There's a little pull-off on the road (type in "16 East Lake Road, Ludlow" in your map and you'll find it! It's 2.8 miles from M+M). You can sit and fish right before the waterfall. Ask us for more fishing spots and where to get fishing equipment. Drive to Red Bridge Road to take a dip at the dam once you're through with fishing.

### **American Fly Fishing Museum, Manchester (44 min drive)**

Vermont is no stranger to fishing. Still a favorite outdoor hobby, most local waterways are accessible for fishing, including Lake Champlain and Lake Bomoseen. This museum not only shares the history of fly fishing, but also advocates for the conservation and preservation of our natural aquatic resources.

## **HIKE**

With a variety of hiking trails across the state, it'd be blasphemy not to traverse the natural beauties of our Green Mountain State. Offering plenty of variations, there is a little of everything from family friendly jaunts to more challenging hauls. So make sure to pack enough water and snacks and check out some of these treks!

### **Eliza's Favorite Running/Walking/Snowshoeing/Cross Country Skiing Route**

Directly from M+M: walk to the street, take a left and head to the only stop light in town. Take a right at the light up Depot Street. Take a right at the top of Depot Street and an IMMEDIATE left into the cemetery. Follow the road all the way through the cemetery until you come to a gate. Go around the gate into a trail. Follow this trail until it comes to a dirt road. Turn right onto the dirt road and continue on the trail to a little cul de sac. STAY RIGHT! The trail continues to the golf course. Enjoy!

### **Healdville Trail/Okemo, Mt. Holly (10 min drive)**

Naturally, we have to suggest the trail for our own Okemo Mountain. The trailhead is located on the north side of the mountain in Mt. Holly and climbs up nearly 3 miles. Another more moderate hike, it is well worth the day (morning or afternoon) to climb. With the old fire tower still in tack at the peak that visitors are allowed to climb at their own risk (don't worry it's not the original, it's a sturdy remodel), it offers yet another spectacular view of the Green Mountains. \*Spoiler alert - you can also drive up the access road on the main part of the mountain called Mountain Road in the summer to reach the fire tower.

### **Echo Lake Vista Trail, Plymouth (11 min drive)**

Combine a beach day with a mini hike and check out the Echo Lake Vista Trail located right across from the parking area for Plymouth State Park at Echo Lake. An easy walk for both kids and dogs, this trail is a beautiful stroll through the Plymouth hills that once witnessed a modest Gold Rush over a hundred years ago. Far enough from the main roads and town centers, it still sounds like you could be a hundred years in the past long before cell phones and social media existed. \*Please note, dogs are not allowed on the beach.

### **White Rocks, Wallingford (24 min drive)**

For a family friendly view, take the shortened Cliff Trail to the White Rocks for the quintessential Green Mountain scene. Or take the slightly more heady hike on the full Spur Trail (only a 1.4 mile distance). Either way, it offers an accessible hike for families to enjoy.

### **Mount Ascutney Weathersfield Trail, Perkinsville (26 min drive)**

For a more moderate hike, check out the Mount Ascutney Weathersfield Trail. This hike includes a waterfall and provides a spectacular view from up high of the southern Vermont area for miles; Okemo can even be seen and vice versa from their respective peaks.

### **Deer's Leap, Killington (33 min drive)**

Providing another moderate hike through the Green Mountains, this hike is located across the way between Pico and Killington Mountains with amazing views. Some stretches can be a little tricky, but over all this 1.9 mile hike is still accessible for families. The trailhead is right off of the parking lot for the Inn at Long Trail. Known as a popular stop for LT hikers, feel free to stop in for a drink and a bite at McGrath's Irish Pub located inside the Inn.

Part of Branch Brook where the original Route 103 ran alongside, Buttermilk Falls has 3 separate access points, providing several available swimming holes within this one locale. Just remember that like most other local swimming holes, this is in carry in-carry out. Help us keep Vermont clean!

## **Plymouth State Park (12 min drive)**

Plymouth State Park has been part of the local swimming hole options for a long time. A huge mostly open area, this swimming hole provides fishing, boating, open fields, camping area, lean-tos, cabins, beach, kayak rentals, playground, and snack shack. A beautiful location on the backside of Route 100 North, one can easily pass hours lounging at this oasis. Just please note, this is carry in carry out.

## **Lake Bomoseen, Castleton (45 min drive)**
