Strategy: Pairing an inside zone run with the Orbit motion may cause offense to shift to gain extra defender - if this happens, the open lane behind the FS can be exploited by the X.

QB Progression/Read: QB should ID the Safety as a possible added run defender and when he triggers, he should throw the post, if not, hand the ball off.

X - 5 step inside release Post

H - Midline Path to follow sniffer for ISO

Y - Backside Block

Z - Lead insert to playside LB opposite side of formation

F - Orbit motion and continue on route to flat opposite side.
