

# Empty Peek: Inside Zone Insert Hoss

## Nebraska v. TCU

Strategy: Empty formation to spread the Defense thin while still having a run threat (QB). The Wing is also in a peek alignment to allow for an easy Insert

QB Progression/Read: If the Defense has the box Count (7 or More) look to work either Hoss side depending on Leverage. If they have 6 or less you are good to run.

X - Hitch

H - Seam

Y - Insert to 1st Backside Linebacker

Z - Hitch

T - Seam

LT - Man Locked

LG - Man Locked

C - Combo Nose to Will Linebacker

RG - Combo Nose to Will Linebacker

RT - Inside Drive Anchor
