## Defensive Philosophy

### Baseline Drive/Late Help

X3 helps late rather than early (inside the key)  
 Remaining defenders X1, X4, X5 zone weak side of floor  
 They act like free safeties, ready to react to pass  
 Opponents are forced to settle for floaters or runners  
 Baylor allows the most runners of any high major in the country  
 Opponents have only made 28% of their floaters or runners
