

# 71-75-100

- Shooter starts in corner - must make 5/7 to move to next spot
- 5 spots are corner, wing, top of key, opposite wing, opposite corner
- Once completing the five spots, shooter runs back to starting corner, and now must go 3/4 from each spot
- Last round is 2/2 from each spot to move on... try to complete drill in less than 5 minutes.
- Thus the 71% (5/7), 75% (3/4), and the 100% (2/2) pattern
