We will control the Goyim with numbers and paper
 The Protocols of the Learned Elders of Zion

As in Spirit So on the Earth, The Illumined Ones will always break the circle of life so that souls are made to feel isolated and disconnected from the circle of life, on every level of life, within themselves, within family, within community, within society, within nature and within God. Wherever there is a fracture to the circle of life, it is Chaos (FICTION) that maintains the fracture and this can now also be seen (witnessed) with the ASIC register. With a play on words, numbers and a series of cleverly placed disconnected abbreviations-intentions, just like a maze, most human beings, at first or even second glance, would not have noticed what is REALLY being stated, what is REALLY going on within the ASIC register.

In discussions with our support group this is how the ASIC NRGD scenario now appears.

We realised that WE HAD TO join up various disconnected, unrelated abbreviations, like a jigsaw puzzle, to provide us with our current conclusions. We are not saying that we are 100% right with our current conclusions, because we can't, until much much more research has been done. However, for now, here are our ASIC conclusions and they are most intriguing.

Of all the ASIC Abbreviations, there are THREE that REALLY stand out for now.

ASIC says NRGD means - Not-Registered - Status for a non company

ASIC says NONC means - Non company - An organisation recorded in our corporate database, usually because it has a reportable role within a registered company, but which is not i itself known to be registered with ASIC or any of the State Departments of Fair Trading

ASIC says NRET means - Non-registered entity - An organisation that is not required to be registered with ASIC but whose name appears on our database because, under the terms of its incorporation, the organisation is required to lodge certain documents with ASIC, (usually annual returns or annual financial statements).

When you read the three together.....NRGD - Status for a non company. An organisation recorded in our corporate database, usually because it has a reportable role within a registered company, but which is not itself known to be registered with ASIC or any of the State Departments of Fair Trading. An organisation that is not required to be registered with ASIC but whose name appears on our database because, under the terms of its incorporation, the organisation is required to lodge certain documents with ASIC, (usually annual returns or annual financial statements).

What we suspect is being stated here is NRGD represents thousands of INTERNATIONAL CORPORATIONS operating in Australia, WHO are linked to and are sitting underneath the INTERNATIONALISED CORPORATION umbrella known as COMMONWEALTH OF AUSTRALIA registered in the UNITED STATES SECURITIES EXCHANGE COMMISSION as 0000805157.

ASIC thinks it is running under our Australian Government and is part of our Australian Government system, part of our supposed Australian Constitution, and this is why ASIC does not recognise THE INTERNATIONAL CORPORATIONS who operate IN AND OUT OF Australia. Like a Russian Doll with pyramids within pyramids, COMMONWEALTH OF AUSTRALIA CORPORATION sits underneath a series of even bigger CORPORATIONS and COLLECTIVELY they take the form known as THE NEW WORLD ORDER. So what we have are thousands of CORPORATIONS, PERSONS (FICTIONS) both big or small, working in Australia to support THE NEW WORLD ORDER. To export all Australia's wealth out of Australia, through the interweaving networks of INTERNATIONALISED FICTIONAL CORPORATIONS, which service the FICTIONAL DEBTS OWING TO THE FICTIONAL INTERNATIONAL BANKING CORPORATION/S. CORPORATIONS who sit above the INTERNATIONALISED CORPORATION KNOWN AS COMMONWEALTH OF AUSTRALIA 0000805157.

Innocent until proven guilty, it appears we have thousands of REAL Australian flesh and blood human beings working and living amongst us as TRAITORS. The freedom fighting movement has them as well. These TRAITORS are part of a FICTIONALISED network of very well organised and interconnecting soldier ants and white ant colonies (CORPORATIONS). Ants of all types who are knowingly or unknowingly supporting the rape and pillage of ALL of Australia's resources while making slaves and robots out of all the freemen and freewomen of Australia. They treat us with scorn. They laugh at us. They shit on us. They hate us. We are the GOYIM to these fanatical Luciferic-Satanic Psychos.

If we are right about the NRGD listings then we can QUICKLY target these INTERNATIONALISED traitors through ASIC. What is most important is now getting many freedom fighters to now urgently download every NRGD listing before ASIC blocks access to these NRGD records. We need to quickly get organised and start researching and documenting all the links between each and every INTERNATIONALISED CORPORATION operating under stealth in Australia. For starters, I am asking for researchers to help us with our court case. To help us finally have the information and the evidence that will have

CORPORATION JUSTICE PETER JOHN HIDDEN
CORPORATION SUPREME COURT OF NEW SOUTH WALES
CORPORATION THE STATE OF NEW SOUTH WALES
CORPORATION COMMONWEALTH OF AUSTRALIA
CORPORATION BARRISTER STEVEN MARK GOLLEDGE
CORPORATION NSW BAR ASSOCIATION
CORPORATION AUSTRALIAN BAR ASSOCIATION
CORPORATION DIBBS ABBOTT STILLMAN LAWYERS
CORPORATION PERPETUAL LIMITED
CORPORATION MACQUARIE MORTGAGES PTY LTD
CORPORATION MACQUARIE BANK
etc etc

self implode, as we pull hard at the strings that tie them all together as an INTERNATIONALISED COLLECTIVE. We have the opportunity through our court case to create a PRECEDENT that will open the floodgates for all Australians. Please help us to help you and every REAL Australian. This is not a statement of FICTION. This is a REAL calling by REAL Australians who are committed to the bigger picture of living with a REAL LIVING GOD who created our REAL lives.

All NRGD listings do not and I say it again DO NOT report to anyone in Australia. What ASIC says " the organisation is required to lodge certain documents with ASIC, (usually annual returns or annual financial statements)." is a load of BULLSHIT.

We may not be wrong in stating that NRGD really means NON REPORTING GOVERNMENT (Government over us) DEPARTMENT.

All the best

Subject: ASIC Update NRGD & ACN numbers etc - Fiona Cristian vs Perpetual Limited

Hi Paula

And to continue the ASIC exercise.

I challenge anyone in the freedom network to try this exercise and report back to us with your results.

Do this exercise below and bring it all together like a round-robin of hand-shakes until it makes a full circle of enjoined handshakes.

Track a parking fine or speeding fine through each and every ASIC listing and see how many NRGD appear along the way, where the fine has travelled from inception until completion.

The policeman or council ranger or traffic -parking officer who gives the fine?

Who do they work for?

Who/where does the fine come from?

Who was fined? (The Strawman or the Real Flesh & Blood Human Being?)

Who created your birth certificate?

Who created the statute - the law for your birth certificate to be registered within 28 days or so of your creation?

Were you old enough to have a say in this enforceable registration?

Who handles your birth certificate?

Check your birth certificate and see how your name has been written (all upper case or both lower & upper case) and then check the corporations listed with ASIC and see how their names are stated (all upper case or both lower & upper case) etc

Who administers the fine? (The infringement processing bureau - The Police dept?)

What information is used in relation to the fine that binds you?

i.e.

Your Name

Your Date of Birth

Your Driver's License

Your motor vehicle registration (RTA) number

Your home address

etc etc, etc, etc (How many NRGD do you find in this area?)

Who enforces the fine? (the above etc?)

Who handles any disputes of the fine? (the courts?)

Who works in the courtroom to deal with disputes? Check the ASIC registrations for the magistrates, registrars, judges etc

Who are the solicitors-lawyers-barristers involved in the court room dispute?

If the Police Dept is involved check each and every ASIC listing for each and every Police Dept involved etc

Who pays for the fine? (The Strawman or the Real Flesh & Blood Human Being?)

Check your bank account or credit card etc see how names are spelt (all upper case or both lower & upper case) etc

Where does the legal tender come from to pay for the fine?

Track the originator of the legal tender-fiat currency and who created the statutes-the laws for this plastic-fictional money to exist - Fed Govt - Govt depts - State Govt - State Govt depts - Private Banks-Corporations who issue this plastic money.

Who created the statutes for such a fine to exist and be enforceable?

Who/which Government departments are involved in upholding the fine - the statutes? (local - state - Fed?)

Which other government departments are involved, both local - state - fed etc?

Who reports on the court case i.e. the media, the court reporter etc?

When completed, just how many ASIC NRGD listings show up against each and every corporation involved in the handshake procedure. Remember to search for all names in ASIC and try various options -

e.g. - For The Supreme Court Of New South Wales - try

Supreme

Supreme Court

Supreme Court NSW

Supreme Court NEW South Wales

Court

Etc, etc, etc, etc for each and every corporation you can possibly think of.

Also look for other websites who provide ACN & ABN numbers etc just in case you get much more info.

Why not get a group of you together and help each other work through this exercise or some other kind of exercise.

I am very keen to see the results ASAP. It may help us with our court case.

I suspect we will begin to see the invisible slowly become THE VISIBLE - The unfolding intertwining world of CORPORATIONS.

How many of them are government depts (local - state - fed)?

You may notice that in the end, there is a much different world at play in our lives than the one we are being fed.

All the best
Arthur Cristian

Hi Paula
Thanks for your email about ASIC and the abbreviation NRGD.

At this point in time I still think/believe that NRGD means much, much more than you think and is a REAL Illuminati trick.

The Illuminated ones are tricking us.....

To Me - Corporation means a whole group under one.

Many Corporations are not just a company - They try to assume (trick) as if they are a body corporate but this is a lie.

Many corporations do not require to report to the citizens of Australia. I Can explain all this later on & much, much more.

ASIC says NRGD means - Not-Registered - Status for a non company

(note the word non - what does this really mean)

ASIC says DMNT means - Dormant - Not active or not trading

(ok - so the company is in-between on and off)

ASIC says DRGD means - De-registered - Company no longer exists as a legal entity

(so what does DMNT do that NRGD doesn't or vice a versa?)

ASIC says NOAC means - Non-active - Non-active company

Now another ASIC Abbreviation (NONC) SAYS

NONC Non company An organisation recorded in our corporate database, usually because it has a reportable role within a registered company, but which is not itself known to be registered with ASIC or any of the State Departments of Fair Trading

Note the words they use above USUALLY and KNOWN - these are trick words.

Notice this - An organisation recorded in our corporate database, usually because it has a reportable role within a registered company,

and notice this - because it has a reportable role within a registered company

and notice this - but which is not itself known to be registered with ASIC or any of the State Departments of Fair Trading

TAKE YOUR TIME AND THINK THIS THROUGH - BUT BE VERY, VERY CAREFUL OF THE LIGHT BULBS - THEY MIGHT JUST TURN ON IN DARKNESS. I WAS CAUGHT BY SURPRISE.

So we have two types of Corporations, one that benefits only the Illumined Ones and the other they control through statutes. One that the freemen and freewomen of Australia gets abused by without realising it and the other that keeps them in fantasy so they can continue being abused.

Think about it!

Now as Pauline would say "Please Explain" this

054921425 NRGD MACQUARIE
065360554 NRGD MACQUARIE ASSOCIATES

There are hundreds and hundreds & hundreds and thousands of these NRGD abbreviations associated to corporations who do not report to anyone. Do your own thorough checking.

What do you think is really going on here?

Why do they have an ACN and yet they are supposedly a not registered - non company?

Are they not Non Reporting Govt Dept (NRGD)? The word to focus on is Govt over us.

Here is a small section of abbreviations from the ASIC website.

ASOS	Association Strike Off Status	No longer operating as an Association
DMNT	Dormant	Not active or not trading
DRGD	De-registered	Company no longer exists as a legal entity
EXAD	External Administration	Due to insolvency or other problems the company is being administered by an outside agency appointed by the company, a liquidator or a chargee
NOAC	Non-active	Non-active company
NRGD	Not registered	Status for a non company
PEND	Pending	Business Name is pending registration
REGD	Registered	Company is active and/or trading
RMVD	Removed	Business Name is removed from the register

RSVD Reserved Name has been reserved for use by an applicant
SOFF Strike-off action in progress Company is part way through the process of being struck off the Register of Companies

All the best

Hi guys,
Thanks for your emails yesterday. We have done a lot of digging during our saga, and we did some more today.

ASIC's search of abbreviations lists NRGD as "Not Registered". That is on <http://www.asic.gov.au/asic/ASICSRCHLODG.NSF/byid/3A45653C86FC7B28CA257036...>

Search for National Names Index and the list of abbreviations comes up.

It would have been good if we could have linked the theft directly to government bodies, but this doesn't show that.

Paula

Any deciphering help with the below is required urgently.

There is no registered Dibbs Abbott Stillman Lawyers with the ABN number 84 338 278 574 as clearly stated on the Supreme Court Statement of Claim as Dibbs Abbott Stillman Lawyers ABN 84 338 278 574 Level 8 Angel Place 123 Pitt Street Sydney 2000 - See details below.

What we do have is a Dibbs Abbott Stillman

NSW BN98142775 REGD DIBBS ABBOTT STILLMAN

but there is no NSW registered office for Dibbs Abbott Stillman Lawyers but there is one in WA with a BN number BN10325827

WA BN10325827 REGD DIBBS ABBOTT STILLMAN LAWYERS

But when you do an ASIC search for the BN number BN10325827 you get this

Note:

a) There is no ACN number for Dibbs Abbott Stillman Lawyers in NSW.

Why?

b) If Dibbs Abbott Stillman Lawyers is a GOVERNMENT DEPT, what are they doing in a common law court acting as a body corporate for Perpetual Limited and operating under an ABN number that is only for Dibbs Abbott Stillman & not Dibbs Abbott Stillman Lawyers?

Some rough notes to think about.....

No court can overturn a contract without the agreement from all parties.

- a) The problem we have is we don't have the correct party in the court.
- b) We are dealing with someone who is not party to the contract (barrister & solicitor)
- c) Was the barrister Golledge ever a party to the contract?
- d) Was Dibbs Abbott Stillman (DAS) ever a party to the contract?
- e) Barrister is contracted by DAS and he can only act on DAS behalf if he is within their corporate structure, within their company, within the geographical area of the company. Outside of this he is working as a contracted agent and DAS is in breach of privity (Privity Of Contract – for Disclosing private & confidential information to a 3rd party about Arthur & Fiona). This is covered Under Mercantile Law – Contract Law.
- f) The barrister has to act in such a way that he is getting no consideration from PL and the barrister can only work directly for DAS but PL is supplying the information to DAS who then supplies the info to the barrister, then this is a breach of privity unless DAS was mentioned as a party to the contract, which we need to check, including the barrister. If DAS says they are a party, even though it is not mentioned in the contract, then we ask how? Show us how you are related to the PL or MM corporate structure etc. If they do show us how they are connected, then they are up for non-disclosure. Also, in this way we get them all to unravel themselves by pulling at the strings. PL Statement of claim includes DAS as acting on behalf of PL showing DAS ABN 84 338 278 674 & ACN 121 267 703 (Note: Dibbs Abbott Stillman Lawyers is registered as a NRGD non reporting government dept) PL ABN number is 86000431827 & PL ACN is 000 431 827
- g) DAS can only work as an agent for PL if DAS is part of PL corporate structure; otherwise, they are agents and were not a party to the contract.
- h) Under Mercantile Law an agent cannot appoint another agent. Fiona & Arthur go to broker & he is our agent but the broker can't go to another agent, contract another agent, to work directly on Arthur & Fiona's behalf. MM gave away an agency to PL who employs an agent, outside of their corporate structure such as DAS, who gives away information to the barrister, which is a breach of privity. PL goes to DAS and DAS goes to the barrister. PL is the agent. If DAS or barrister is not mentioned in the MM-PL loan contract then they are in breach of privity of contract. We have a claim against PL for breach of privity, for disclosing private & confidential information about us. This is covered by Mercantile Law – Contractual Law.

Subject: Re: ASIC Update NRGD & ACN numbers etc - Fiona Cristian vs Perpetual Limited

You need to check out the Sale of offices Act 1551 & 1809 to formulate a case against the Commonwealth for abusing their Public Offices.

All of Australia's national estate was annexed on the 15th of June 1992 and so we suspect that all of this selling off of our national estate is as a direct result of that annexation.

But it does mean that as the annexation was not legally challenged in the statute time allocated then all of the selling of is null & void and has no effect.

The Queen acknowledged the annexation in 1993 at the Commonwealth heads of government meeting.

You can only force the courts to hear any matter in federal jurisdiction according to chapter 3 of the Commonwealth Constitution Act 1900.

That way you can force the courts to hear the matter as the courts were defined in 1900, with a jury of your peers ..

This now has a High court backing as of 5th of September just gone.

Hi Thomas

I found an old email of mine sent to a female friend from around 2 years ago which is a copy of the original I broadcasted globally weeks before. Fortunately, a copy of it was located in the latest email program I now use.

It shows where I was at back then but has info (insights) about NRGD listings.

Interesting how not long after I circulated this info ASIC started to quietly remove NRGD listings.

With help from others who gave me many clues about ASIC and one particular friend who put me on to NRGD and that it was (he felt) tied to private corporations registered overseas etc, it appears that I broke the hidden/secret ASIC (NWO) codes as you will find further down.

This doc was not edited so apologies for that.

Love Arthur

Hi Frances

....and are another useless piece of bureaucratic deception in supposedly helping REAL flesh & blood human beings.

They are their to deal with FICTIONS (corporations - your strawman) such as FRANCES SMALL..... (withheld for privacy) but not Frances S..... who is the real flesh & blood human being.

The internationalised banksters (globalised corporation) controls the commonwealth (corporate) government of Australia and this corporation controls all federal, state & local government depts & public servants (all corporations) and the law (another series of corporations). In a case like ours the real human being ombudsman (a legal FICTION) contracted to the corporation within a myriad-series of corporations is completely out of his/her REAL depth and if he/she tried anything REAL outside their corporate jurisdiction (FICTION), you can kiss goodbye to their career and long-term security etc.

Corporations are the internationalised shadow government who have usurped all sovereign constitutional enactments & systems through their statutes. Magna Carta, The Bill Of Rights etc are abolished.

We no longer have legal rights and the judges know & enforce this!

We are now governed by CORPORATION STATUTES.

Did we have a referendum to allow this? or were we all tricked and deceived? This is why trial by jury is almost completely wiped out. Common Law is literally kaput.

Something I noticed today for the very first time was near the very bottom of the Daily court lists for the Supreme Court of NSW. I have cut & pasted this here (see the word Admiralty) but you can check this out for yourself by going to http://www.lawlink.nsw.gov.au/courtlists/nswsc_lists.nsf/Web+Version+Courtlist

You see, the arrogance of these illumined bastards is now revealing out in the open what has been suspected and or known by many freedom committers from around the world for many years now, that all our courts are now under Admiralty (Maritime) Law (corporation law governed by corporation statutes).

Did you know that the English Alphabet appears to have been created by Illumined French Legals and is sort of copyrighted & patented. Each letter means something that only the initiated Illumined ones know and when you bring the individual letters together to form words, they have various other meanings as well. Where we (unillumined) are trained (conditioned-brainwashed) to know the meanings of various words in the English language (they all have double or triple or quadruple meanings etc), we are not trained to know the REAL meanings of each letter of the English alphabet and how each letter forms (singular or combined) a REAL (another) meaning/s of each word.

This is how these EVIL pieces of shit have been controlling humanity like cattle for centuries. The REAL power of the ENGLISH LANGUAGE is in how it is REALLY being used against us to control us. How we think & what we say in English etc is what IMPRISONS us as slaves and this is how we give our power away to the ILLUMINED ones who see themselves as our masters. The bastardised ENGLISH language was created to ENSLAVE us. Everywhere where the English language has blossomed on Earth, you see psychic ENSLAVEMENT by those who read, write & talk English and its all done with mental (psychic) cells/prisons. Yes....Double-Triple-Quadruple Speak does exist and I intend on passing on the knowledge I am currently gathering so anyone can INTERPRET the REAL language being spoken by our various ILLUMINED politicians, media reps etc, etc and how to UNTANGLE ourselves from the psychic webs we create for ourselves, that entrap us. More on all this down the line.

Have a safe & happy time in NZ.

Love & kisses from all of us.

About the National Names Index

The National Names Index (NNI) is an index of Australian corporate and registered business names. It also includes some incorporated associations. It allows you to identify into which of these categories an organisation fits and it provides some very basic, free, information on each organisation:

its registration number (eg, ABN, ACN, ARBN) - for all organisation types. Where ASIC has been advised by the Australian Business Register that an organisation has been allocated an Australian Business Number (ABN) based on its ACN/ARBN/ARSN, the ABN will also be displayed.

a company's current status (eg, registered or deregistered) - with some exceptions for trusts and managed investment schemes

date of deregistration for deregistered companies and schemes

the town or suburb of a company's registered office - not for managed investment schemes or trusts and for only some registered business names and incorporated associations

a complete list of documents lodged by a company since 1 January 1991 - for all except registered business names and incorporated associations

jurisdiction - the organisation responsible for administration of the law under which the organisation is created

Why isn't more information provided free?

ASIC provides information free of charge wherever possible. However, the Corporations (Fees) Regulations 2001 require that fees are prescribed for anything other than very basic information. Fees are paid into Government revenue.

If you would like additional information such as the details of officeholders or the addresses of the company then you will need to purchase a full company search (company extract) from an Information Broker or an ASIC Service Centre.

Here is a comparison between what you get with a free National Names Index search and a paid full company search (company extract) from the ASIC database.

Here is a guide to the cost of paid searches.

What is a company?

In short, a company is a body corporate registered in Australia under the Corporations Act 2001. For a fuller legal definition refer to Section 9 of the Act.

Companies are registered by the Australian Securities and Investments Commission (ASIC).

A company name will include one of the following legal elements:

Proprietary Limited (Pty Ltd)

Unlimited Proprietary (Pty)

Limited (Ltd)

No Liability (NL)

Each company is allocated a unique Australian Company Number (ACN). When a company has been issued an ABN the number will be the ACN with two additional leading digits resulting in an 11 digit number (eg; ACN 123 456 789, new ABN xx 123 456 789).

The general characteristics of a company are:

- it is a corporate body created by law;
- it has all the powers of an individual and a corporation
- it can sue and be sued in its own right;
- it has officeholders (director(s), secretary(ies));
- it has a registered office;
- it has member(s);
- it has perpetual succession (ie it continues even if its members die or resign).

What is a registered business name?

A registered business name is a trading name under which a person carries on business or trades. For example: Roxy Cafe, TJ Smith & Co, Hollingdale & Page.

You should note that the word "company" in a name does not necessarily mean that the organisation is registered as a company under the Corporations Act 2001.

The owners of a registered business name are referred to as "proprietors". Registered business names are issued by the State or Territory in which the business or trade is carried out. Each registered business name has an individual number but the format and length vary according to the State of issue.

When reading your results in the NNI, the state of registration precedes the number.

For example: NSW E6882145, or QLD BN2027148, or SA 0341685J

For full information on registered business names, contact the appropriate state or territory authority.

What is an incorporated association?

- it is a corporate body created by law
- it is a legal entity - it can sue and be sued in its corporate name
- it has perpetual succession (ie it continues even if its members die or resign)
- it has a public officer and a committee
- it has members
- its profits, if any, can only be used to promote its objectives (nonprofit making)

Incorporated associations are registered by the State or Territory in which the association is based.

Each incorporated association has an individual number but the format and length vary according to the State of issue. When reading your results in the NNI, the state of registration precedes the number. For example: NSW Y0621545, or QLD IA10848, or WA A0822000C

Please note: The information on the National Name Index on incorporated associations is not always current or complete. For full and up to date information on incorporated associations contact the appropriate state or territory authority.

What is the difference between a company, a registered business name and an incorporated association?

Liability Members of the company are only liable for the money they owe on any shares they own and/or for any amount of money they guarantee to contribute upon winding up of the company. The partners or sole traders are completely liable for all debts incurred under the registered business name. Members' liabilities are generally limited to outstanding subscriptions and other charges.

Owning The company itself can own property.
 Property can only be held by the proprietors.
 The association itself can own property.

Legal Rights The company can sue and be sued.
 Proprietors have to sue, and be sued only in their own names.
 The association can sue and be sued.

What is a trust?

Fund or property held or administered (by a Trustee) for the benefit of others.

What is a managed investment scheme?

A managed investment scheme is:

a scheme that has the following features:

people contribute money or money's worth as consideration to acquire rights ('interests') to benefits produced by the scheme (whether the rights are actual, prospective or contingent and whether they are enforceable or not) any of the contributions are to be pooled, or used in a common enterprise, to produce financial benefits, or benefits consisting of rights or interests in property, for the people (the 'members') who hold interests in the scheme (whether as contributors to the scheme or as people who have acquired interests from holders)

the members do not have day-to-day control over the operation of the scheme (whether or not they have the right to be consulted or to give directions); or a time-sharing scheme.

What is a foreign company?

a foreign corporation;
a body registered in an external Territory of Australia; or

an unincorporated body that does not include a corporation sole or an exempt public authority, but that:

is formed in an external Territory or outside Australia and the external Territories;

under the law of its place of formation, may sue or be sued, or may hold property in the name of its secretary or of an officer of the body duly appointed for that purpose; and

does not have its head office or principal place of business in Australia

What is a registrable Australian body?

These are bodies not registered under the Corporations Act 2001.

They can be either:

a registered body that is not a company, recognised company, exempt public authority or corporation sole, or an unregistered body having certain rights and obligations (may sue or be sued, or may hold property in the name of its secretary or of an officer of the body duly appointed for that purpose).

Examples include trading co-operatives and incorporated associations.

Registrable Australian Bodies carrying on or wishing to carry on business outside their state of registration are registered on a national basis and each is allotted an Australian Registered Body Number (ARBN).

Registrable Australian Bodies do not include foreign companies.

ABN / ACN / ARBN / ARSN

What do they mean?

ABN = Australian Business Number

This is a new number for business dealings with the ATO and in future, with government agencies at all levels. An ABN is needed to register for GST and other elements of the New Tax System.

ACN = Australian Company Number

Since 1 January 1991, every company in Australia has been issued with a nine-digit ACN. The ACN is a unique identifier and no two companies can have the same ACN.

ARBN = Australian Registered Body Number

Numbers are issued to registrable Australian bodies and foreign companies. The ARBN is a unique identifier and no two bodies can have the same ARBN.

ARSN = Australian Registered Scheme Number

Numbers are issued to Managed Investment Schemes. The ARSN is a unique identifier and no two bodies can have the same ARSN

Can the NNI searches be invoked automatically?

Developers of web sites can invoke the ASIC NNI search program, passing the search details as parameters.

The program is currently located at <http://www.search.asic.gov.au/cgi-bin/gns030c>.

The parameters required for a name search are name=name+to+be+checked and scope=n, where n is a digit corresponding to the position of the search scope radio button to be selected.

- 0 Registered And Reserved Company And Business Names, Schemes, Trusts And Non Registered Entities
- 1 Registered, Reserved And Deregistered Company And Business Names, Schemes, Trusts And Non Registered Entities
- 2 Registered Company Names, Non-Company Names, Schemes, Trusts And Non- Registered Entities
- 3 Business and State Names
- 4 All Names

Note that for the first radio button n=0, for the second n=1, etc. If the scope parameter is not provided the scope defaults to 0.

Thus, to search the name Fred Pty Ltd with scope of 'Business and State Names', invoke [<http://www.search.asic.gov.au/cgi-bin/gns030c?name=FRED+PTY+LTD&scope=3>].

The parameters for a name details search is acn=nnnnnnnnn, where nnnnnnnnn is the ACN/ARBN/ARSN to be retrieved. Thus, to retrieve ACN 000 666 366, invoke [<http://www.search.asic.gov.au/cgi-bin/gns030c?acn=000666366>].

The parameter values must be URL-encoded to RFC 2396, titled 'Uniform Resource Identifiers (URI): Generic Syntax'.
