My Theme: An Informed Public

2) What is the greatest fear of corrupt politicians?
A citizenry that understands their corruption.

Q's mission is to make the public aware of the extent of corruption.

"The Great Awakening" describes the public being made aware of corruption.

3) People become aware of corruption when they tune out the false narrative of the mainstream media and start researching for themselves.

4) The media hope to convince the public that Q is a dangerous conspiracy.

Hundreds of articles have been written by the MSM about Q.

All say the same thing.

Why would the largest media companies in the world collectively attack Q?

Attack those who threaten your narrative?

5) Today's hit piece on Q from the New York Times.

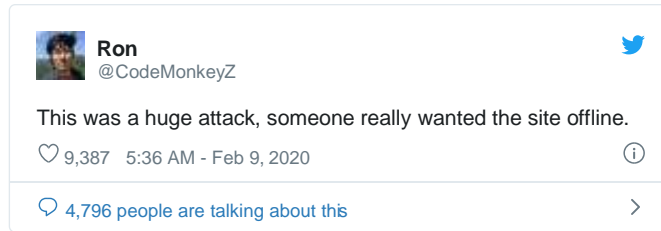

What Happens When QAnon Seeps From the Web to the Offline World

It began online as an intricate, if baseless, pro-Trump conspiracy theory. Now it has surfaced in political campaigns, criminal cases and a college classroom

<https://www.nytimes.com/2020/02/09/us/politics/qanon-trump-conspiracy-theory.html>

6) That article followed an extended attack on 8kun last night, where Q posts.

- 7) A major emphasis for Q has been the exposure of political corruption related to China.

American political corruption related to China isn't new.

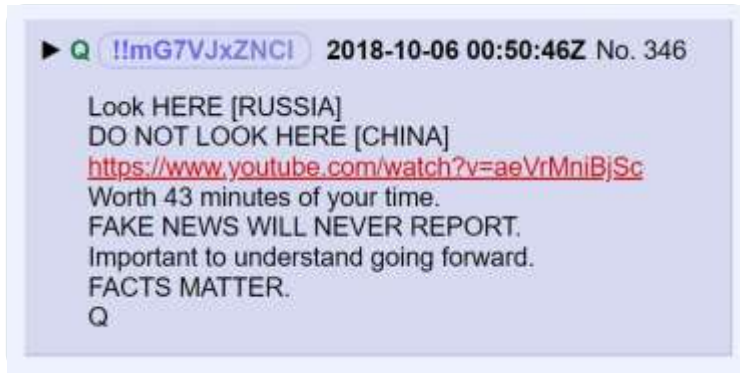

- 8) The 1996 Chinagate scandal involved the transfer of sensitive American technology (including nuclear missile and satellite technology) in exchange for millions of dollars in contributions to Bill Clinton's 1996 re-election campaign. <https://www.independentsentinel.com/lest-we-forget-hillarys-china-gate-scandal/>
- 9) President Trump has taken a different stance toward China, as outlined in this speech by Vice-President Mike Pence.

<https://www.youtube.com/embed/aeVrMniBj8>

- 10) In October of 2018, Q posted a link to the video above and said politicians and the media continually draw our attention to Russia rather than China.

Are they trying to hide their corruption related to China?

11) Why does Joe Biden minimize the threat that China poses to the U.S?

12) Biden's opinion stands in contrast to that of FBI Director Wray, who said China represents "the broadest, most challenging, most significant threat we face as a country."

FBI director calls China 'the broadest, most significant' threat to the U.S.

"I think China, from a counterintelligence perspective, in many ways represents the broadest, most challenging, most significant threat we face as a country," FBI Director Christopher Wray said

<https://www.businessinsider.com/fbi-director-says-china-is-the-broadest-most-significant-threat-to-the-us>

13) In March of 2018, Q said the connection of the Biden family to China was an important marker.

(He also said multiple investigations had been opened into election fraud.)

14) Why did NBA players and the Chinese government react so strongly to a tweet by a General Manager who supported Hong Kong protesters?

How one tweet derailed the NBA's China game plan

China's outrage shows the tricky balance for companies operating there and perceptions back home

<https://www.bbc.com/news/world-asia-china-49995955>

15) Would it have anything to do with the multi-million-dollar contracts of players and multi-billion-dollar contracts of the league?

What is the price of freedom of speech?

How the NBA's rift with China laid bare the cost of free speech

The world's premier basketball league has spent decades cultivating the multibillion-dollar Chinese market, but the fallout from a single tweet has threatened to upset it all

<https://www.theguardian.com/sport/2019/oct/12/how-the-nbas-rift-with-china-laid-bare...>

According to Bloomberg, both the league and its teams have a number of other sponsorship deals and a NBA representative told the news organization that the league's business in China has grown at double-digit percentages every year since 2008.

China has been a gold mine for NBA players and apparel manufacturers, too. Warriors star Klay Thompson has a contract with the Chinese shoe company Anta worth a reported \$80m. Retired star Dwyane Wade has a lifetime deal with rival Li-Ning.

Nike, which supplies the NBA with uniforms and counts Lakers star LeBron James among its many league endorsers, sold \$6.21bn worth of merchandise in China in the 2019 fiscal year. The company reportedly has enjoyed sales growth in the country of over 10% in every quarter for more than five years, thanks largely to sales from its Jordan Brand and Nike Basketball.

Last year, NBA deputy commissioner Mark Tatum told Forbes that NBA China, which was founded in 2008 and is the only separately incorporated league business outside of the US, was worth \$4bn.

"China is an absolutely enormous market for the NBA in terms of finances, eyeballs, future growth," Zola said. "You have the world's largest population and soon to be the largest economy. And it's huge for the players, too. Several have deals with Chinese companies - Klay Thompson, [Portland guard] CJ McCollum, [Boston forward] Gordon Hayward."

When Curry launched a new line of signature golf apparel with Under Armour in June, he did so from a course in Shenzhen.

- 16) Does anyone believe Senator Feinstein didn't know what her staffer was doing with the information obtained while working for her?

Feinstein was 'mortified' by FBI allegation that staffer was spy for Ch..

U.S. Sen. Dianne Feinstein fired a staffer a few years back who was allegedly part of an effort to spy and pass on political intelligence to the Chinese government

<https://www.foxnews.com/politics/feinstein-was-mortified-by-fbi-allegation-that-staffew...>

- 17) Yesterday, Mike Pompeo addressed more than 40 governors, warning them about the dangers of being recruited to serve the interests of the Chinese Communist Party.

Here's the full speech.

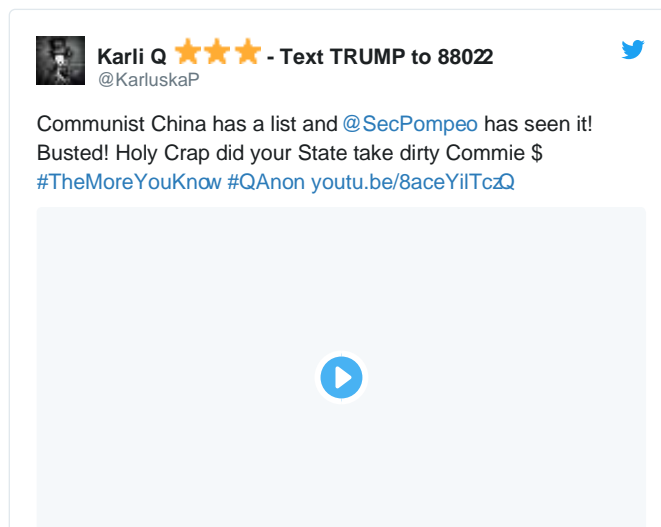

<https://www.youtube.com/embed/g1BbswU3i10>

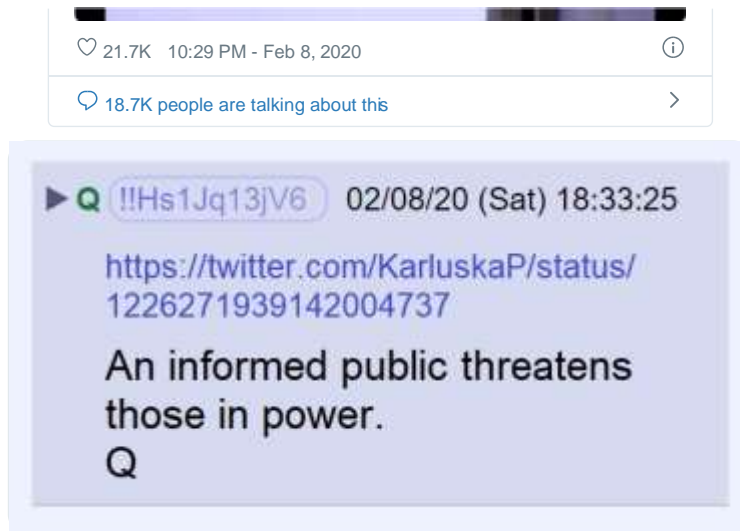

18) @KarluskaP was Q'd for this short section of Pompeo's speech.

19) Although the address was given to the Governors, the wider (intended) audience was the general public.

Corrupt politicians are threatened when the public is made aware of their activities.

20) @JuliansRum was Q'd when he picked up on something Pompeo said in his speech and tied it back to a Q post from April of 2018.

Pompeo's time as CI_A Director gave him an advantage when he moved to the State Department.

21) Q confirmed the connection.

23) Many people say 99% of the FBI are good people and that it's only a few "bad apples" who cause problems.

24) @SullengerCheryl retweeted a video where Lindsay Graham said he expects the crooked cops in the FBI to go to prison.

Lindsey Graham's committee will hold televised hearings that will make the public more aware of corruption.

25) Those in the FBI who are lawful public servants (99%) were warned (instructed) about the coming storm.

The first indictments of those who are corrupt will bring a shockwave.

The New York Times tweeted 8 times today about Q.

I don't think I've ever seen them tweet a thread this long about any topic. Much less a "baseless conspiracy theory." #Qanon

- 32) It's interesting that Q mentioned indictments and Marker [9]" in this December message and posted the word "Justice" yesterday.

- 33) Future proves past?

- 34) Kyle Griffin was Q'd for this article explaining that the Department of Justice created a process for vetting the information Rudy Giuliani has about corruption and Ukraine. <https://www.bloomberg.com/news/articles/2020-02-10/giuliani-givingukraine-data-to-justice-department-barr-says>

- 35) The Mueller investigation allowed legal admission of evidence that will convict [#Spygate](#) plotters.

Impeachment introduced evidence that will convict politicians involved in Ukrainian money laundering.

Obama holdovers on NSC exposed their own corruption.

Now they're gone.

36) Attacks have only exposed [their] corruption and dishonesty and increased public support for POTUS.

37)

38) A reminder about Rudy Giuliani.

39) The President's National Security Adviser, Robert O'Brien, pulled a Scaramucci and got rid of dozens of Obama holdovers on the National Security Council.

Bigger than Vindman: Trump scrubs 70 Obama holdovers from NSC

President Trump is making good on his promises to "drain the swamp" and to scrub Obama-era holdovers from his staffs, especially the critical and recently controversial National Security Council

<https://www.washingtonexaminer.com/washington-secrets/bigger-than-vindman-trump..>

40) Q previously said Adam Schiff developed a 4-step plan to remove POTUS from office.

It looks like the game is over.

There is no step 5.

41) Q's post about Adam Schiff's plans to remove POTUS from Feb 11, 2019.

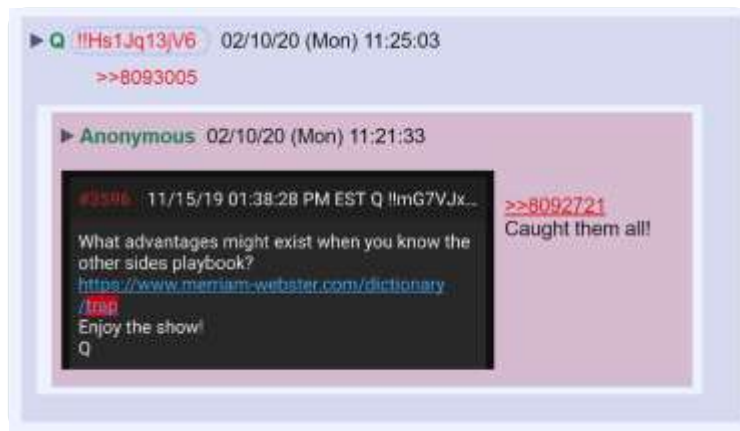

42) In November, Q said there is no step 5.

Will the traitors see justice before they launch another hoax?

43) If you know your enemy's playbook, you can set traps for them.

Corrupt politicians have used the make playbook for years.

44) Q connected previous posts about:

- 1) The White House being clean after the departure of John Bolton and, 2)
- The streets not being safe for corrupt politicians when the truth is revealed.

45) Attacks have definitely increased.

Over the target?

48) Someone asked about the numbers found in a Q post from the board.

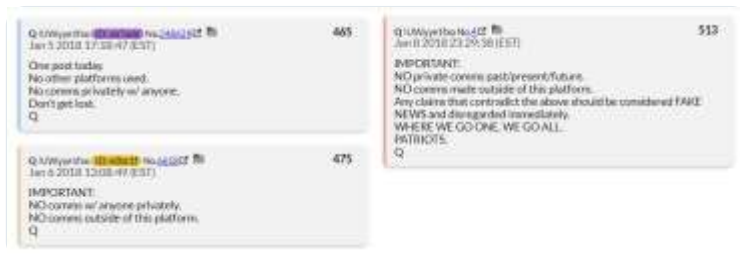

Here's a breakdown.

FYI: Post numbers assigned on the board are different from the post numbers assigned by websites that aggregate them. (Although both numbers are usually displayed.)

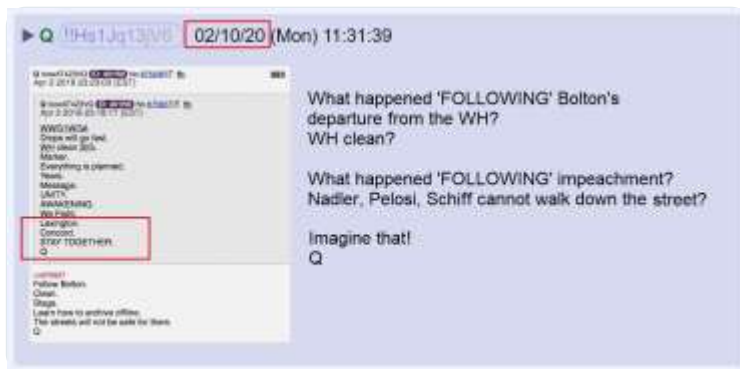

A reminder...

Q does not post anywhere but on the board and does not communicate with anyone privately.

48) Ummm... guise... didn't Q repost an old drop this morning that mentioned "Concord?"

49) Why is POTUS making a circle thingy with his finger while he's talking about how famous Concord is?
